

NEXT GEN RIDERS

2025 BOOTS COLLECTION

 Stylmartin

THE HISTORY OF THE MOTORCYCLE IS A STORY OF ADVENTURE, INNOVATION AND FREEDOM.

From the first iconic motorcycles of the 1950s to today's modern 2-wheels, the motorcycle has always been a symbol of adventure and independence.

The actual revolution took place in the 1970s and 1980s. Technological innovations led to improved performance and safety.

**NEXT
GEN
RIDERS**

The concept:

"Next Gen Riders" celebrates today's motorcyclists, those who live and ride their motorcycle with a young and dynamic spirit.

Stylmartin meets the needs of young riders by following the latest trends and tendencies in the motorcycle world.

Stylmartin keeps up with the current pace, our footwear combines excellent performance with a unique style that reflects the personality of modern riders, ensuring safety, comfort and a distinctive look.

Always safety first:

THE WORLD'S BEST IMPACT PROTECTION.

D30® protective internal malleolus inserts on both sides, an innovative material that provides good protection and comfort.

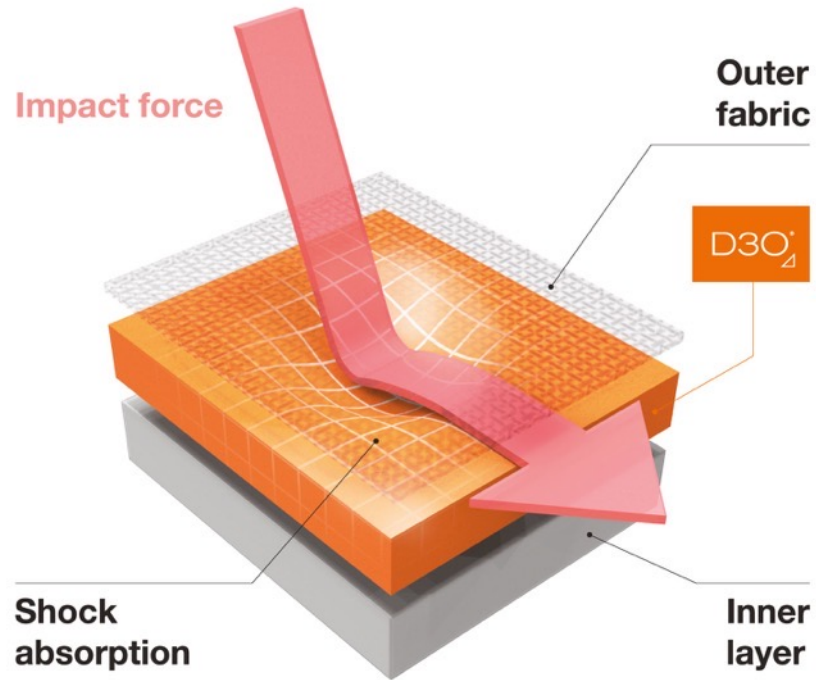

Nothing protects better than D30®.

A new technology that offers the thinnest and most advanced impact protection.

D30® molecules move freely and allow the material to remain soft and flexible. On impact, the D30® molecules, thanks to their characteristics, absorb and disperse energy.

The D30® Fitted Ankle Guard meets CE standard EN 13634 under 5kn transmitted force outside of footwear.
